

**BURGESS SWIMS  
BRITISH CHANNEL**

Yorkshireman Crosses to France  
in a Little Less Than  
24 Hours

**DUPLICATES WEBB'S FEAT**

London, Sept. 6.—William Burgess, a Yorkshireman, successfully swam the English Channel from Dover to Cape Gris-Nez landing at Cape Gris-Nez at 10:30 o'clock this morning, almost exactly twenty-four hours after leaving Dover. He received telegraphed congratulations from King George.

Burgess has been trying for years to emulate the feat of Capt. Webb in 1875, and several times had been within a mile of the goal, only to be swept away by the receding tide.

**Struggles With Strong Tide**

On this occasion, which Burgess declared would be his last attempt, he started from South Foreland at 10:50 o'clock yesterday morning. A strong tide was flowing and the swimmer had a hard task to get past Goodwin Sands. Four hours after his departure he was only six miles on his way.

This was the last heard of him until the news of his success in reaching the French shore reached here, and considerably anxiety was felt as to his fate. A heavy fog enveloped the channel last night and the crossing steamers failed to sight the swimmer.

When he landed at Deal this evening Burgess received a rousing welcome, and with difficulty made his way through the cheering throng to a hotel.

"In the time the swim occupied I should have been able to cross the channel twice but for the adverse currents," he said. "Against those I had a terrific fight, and again came within an ace of failing. When approaching Cape Gris-Nez the strong outward set of the current forced me to alter my course three times. I was held up for some time, but when I had rounded the corner I found slack water, and then knew that I was assured of success."

**Swimmer Stung by Jellyfish**

"It was just in the slack of the tide that I got in. If I had not managed it then I might have missed it and drifted to Calais. It took three full tides and two part tides to take me over. I was severely stung several times by jellyfish, and while in mid-channel, after a sick spell, I felt heartbroken. Several times I was on the point of giving up. I had hallucinations and saw horrible things—too horrible to relate. I also had trouble with my goggles."

"For a while I was almost delirious, but my pilots, accompanying me in the motor boat, began to sing, and this gave me fresh courage to persevere. I used the overarm stroke all of the way except when my heart gave me trouble. Then I used the back stroke. I kept up a steady 24 strokes to the minute for 15 hours. It took seven and one-half hours to make the last 5 miles."

**Final Battle With the Currents**

It was 7 o'clock in the morning when the swimmer sighted Gris-Nez semaphore. He was then two miles to the west-southwest. In these two miles it was a battle with the currents, but when Burgess got within the shelter of the cape he swam easily ashore. He stumbled for two or three steps, then walked steadily, without assistance. He looked remarkably fresh considering his long immersion.

Burgess' success followed nine plucky but unsuccessful attempts to negotiate the narrow span of water between the French and English coasts. Numerous attempts have been made to swim the channel since 1875, when Capt. Matthew Webb swam from Dover to Calais in 21 hours and 45 minutes. Until today no one has been able to duplicate this feat.

**St. Charles News**

The author feels that there is an apology due the people this week for the brevity of the St. Charles column. There has been so much doing in St. Charles this week that I fear the editor wouldn't give us room should we attempt to give every happening of the week, so we shall content ourselves with just a few items and try not to impose on good nature.

The Cave Contest is over at last, with Miss Willie Jenkins second. After much pondering on the subject, we decided that it would look too bad for us to push her up to first place and compel an Earlington girl to take second, so out of courtesy to the Earlington people we restrained ourselves and let Earlington take first, and we also wish to say that at no time was there more than one back subscription and one future subscription paid by one person.

Friday night the Bulck put Sherlock Holmes in the background by discovering the robbery of King's Drug Store at Earlington. Norris King, Jeff Sisk and Max Gilliland motored over to Madisonville early in the evening and Norris King had left an order for a package to be left just outside the door for him to get on his return that night. The party arrived in Earlington about 12:30 and drove up to the drug store. King got out and struck a match in search for the package. It was then that he discovered the door open. Further search showed that it had been broken open by main strength, so leaving Sisk and Gilliland on guard at the door to prevent the escape of the burglar from that direction, he went in search of reinforcements. Returning with Ed Barnett, they entered the store and turned on the light switch, but the robber had anticipated this move and had gone to each light and turned it off. By the time that they were all turned on again no one could be found, but on investigation the back door was found to be wide open, showing the avenue of escape. In his haste the robber left his shoes and tools on the counter of the soda fountain. Entrance was gained by the use of two iron brake keys used as prizes. The broken lock was found on the table. Nothing was missing except a few pocket knives and some ice cream. Judging from the size of his shoes, which were about number sixes, and his fondness for ice cream, many think he was a boy of about seventeen or eighteen years of age.

Mr. J. V. McEuen opened his store to the public Friday and a great crowd was present from early in the morning to a late hour that night. Delightful music was furnished both day and night by the St. Charles string band, and refreshments in the way of ice cream cones were served to one and all. Besides Mr. McEuen, the store force was composed of Misses Verna and Lynn Gallo, Miss Laura Woodruff, Mrs. Joe Long and Mr. Charlie Long. Mr. McEuen says that he means to have an up to date store and expects a large trade.

**Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.**

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root. Home of Swamp-Root. Including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## HERBINE

For the Bowels

A Cure for Chronic Constipation, Torpid Liver and Irregular Bowel Movements.

Constipation is the most common disorder of the bowels. It affects both sexes and all ages but is more prevalent among women because their duties in the household require less physical exercise than the occupations of men; therefore women suffer most from its baneful effect.

A constipated person is an easy victim when exposed to any serious disease—Pneumonia, Typhoid Fever, Malaria, Rheumatism, Small Pox, Yellow Fever and Bright's Disease gather their annual harvest of death among those who are habitually constipated. Even though they escape these diseases, such persons are always ailing more or less. They have headaches, bad digestion, dizziness, vertigo (blind staggers), sallow complexion, flatulence, loss of strength, and no energy at all. Herbine has a most admirable effect in the bowels; it is cooling, purifying and regulating. It puts a prompt check on biliousness, wind in the bowels, nervousness, heartburn, bad breath, low spirits, drowsiness in the daytime and nervous wakefulness at night.

Price 50c per Bottle.

There were a large number of patrons present to give inspiration to the occasion. More than 250 pupils enrolled the first day.

### Have You Kidney Trouble.

#### How to Find Out

Fill a bottle or common glass with your water and let it stand 24 hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

#### What to do

Go to (St. Bernard Mining Co., Incorporated) and get a 50c box of BLOODLINE BLOOD AND KIDNEY TABLETS and if they do not help you (the drug store) will give you your money back.

There is comfort in the knowledge so often expressed, that BLOODLINE BLOOD AND KIDNEY TABLETS the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. They correct inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcome that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of BLOODLINE BLOOD AND KIDNEY TABLETS is soon realized. They stand the highest for their wonderful cures of the most distressing cases. By mail 50c. The Bloodline Corporation, Boston Mass.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by all Dealers.
